

ALTO SUPREME

The Enjoyment and Evidence of Playing

After 100 years of innovation, design, and manufacturing of the saxophone, **Henri SELMER Paris** redefines the modern identity of the alto saxophone with the Supreme.

The creation of the Supreme embodies the culmination of centuries of expertise, combined with a perfectly mastered manufacturing process that lives up to the ambitions of Henri SELMER Paris.

The Supreme rises above musical genres. It has all the qualities common to the models that preceded it, meeting the desires of all saxophonist profiles: beauty and care in the creation of the *Balanced Action*, the legendary suppleness of the *Mark VI*, the ease of the *Super Action 80 Serie II*, the precision and elegance of the *Serie III*, and the power and roundness of the *Reference*.

It is characterized by a **perfectly balanced accuracy, infinite sound colors, and a great ease of response.**

It hides the natural and inherent constraints of the saxophone, **the playing limitations are non-existent.** Its roundness and projection capacity make it **an instrument that is both traditional and resolutely modern.**

The refinement and care taken in its manufacture, as well as its entirely corrected ergonomics, reveal an enjoyment and evidence of playing that has never been seen before.

- Key: Eb
- Range: low Bb to High F#
- Correction mechanism for the middle and high C#
- Leather pads with rivetless metal resonators
- Metal thumb rests
- 3-point concentric clamping socket
- Adjustable nickel silver clamping ring
- Left-hand pinky finger keys with hinged toggle
- Right-hand F#/F direct adjustment arm
- New exclusive Supreme engraving
- New exclusive Supreme dark gold lacquer finish
- Concept alto mouthpiece
- Exclusively designed alto Supreme case

3-point concentric clamp for a better neck-to-body connection

Adjustable clamping ring of the socket made of nickel silver

Lightening of the C# correction system

Hinged toggle on left hand pinky finger keys for greater ease of movement from one key to another

Octave key system with Teflon inside the sockets which lighten the action

Direct arm between the right-hand F# and F keys allows for a finer and more reliable adjustment

Redesigned shapes and placements of the side keys, facilitating fluid passage from one to the other

The global aesthetics of the Supreme has been reconsidered evoking the fluidity of play through sleek lines and roundness through the softening of angles.

The engraving of the Supreme Alto evokes a sense of universality. The genesis of the sound is embodied in the explosion mixing the plant design, a traditional SELMER engraving, with the cubes illustrating the structure of the metal molecules.

The cloud caused by this birth, evokes the projection of air, movement, speed, and life. A disc in the background evokes a planet, echoing the notion of infinite space.
